DRAFT: 5' 0"
BRIDGE CLEARANCE: 58' 5"

ENGINE(s): Yanmar
ENGINE(s) HP: 56
FUEL: 60 WATER: 145 HOLDING: 45

The Passage 420 Mirrors the Innovations That Have Evolved Throughout the Hunter Line. Special Features Such as the Powerful B&R Rig, Integrated Cockpit Arch, Mast Struts and Composite Chainplates are all Present on the 420. Center Cockpits are not Usually Known for Performing, but the Passage 420 Surprisingly Breaks the Rules. The Integrated Arch Also Includes Stereo Speakers, Lights and an Attachment for the Overhead Traveler, Keeping the Cockpit Clean. It also Makes the Installation of the Bimini Clear of the Traffic Pattern. Short-handed Sailing is Made Easy with all the Lines Led Aft to the Stopper and the Self-Tailing Winches. Line Organizer Wells Keep it Clean While the Electric Halyard Winch Makes it Effortless to Raise the Main or Send Crew Aloft. The Best Seats in the House Just Got Twice as Good! Hunter's Taffrail Seats Are Always in High Demand. Even Drinkholders are Standard. Custom Stainless Steel Bow and Stern Rails Along with Double Life Lines Make Moving Fore and Aft Safe and Easy.

The Transom is a Work of Art with Two Huge Storage Compartments. One Houses the Generator and the Other Could Store an Inflatable Dinghy or a Couple of Sets of Scuba Gear. A fold-down Swim Ladder and All the Electrical and Cable Television Outlets are Convenient as Well. After Diving, Swimming or Just Lounging on a Secluded Beach, the Hot and Cold Transom Shower Makes for a Quick, Comfortable and Easy Clean-Up. The Dual Roller Pulpit Allows for Two Anchors to Be Deployed Simultaneously.

SAIL INVENTORY
